Sir Robert A. Falconer,

Dear Mr. Falconer:-

Well, you will conclude that I am one of your very regular correspondants, if I keep up the present record. The fact is, I am doing the most of it myself, yet live in hopes for a change of currents, that may bring in some drift wood, which will keep the fires lit these troubleous times.

. My object in writing you, just now, is to ascertain whether a graduate of the old Ontario College of Pharmacy would be elligible to membership, in our Alumni Association. There is a Medical Doctor, here, whom I would be glad to have join our club, if his graduation from that college would make him elligible. He says he graduated in 73, he thinks. I wondered whether that college was taken into the University of Toronto affiliation. if so, or otherwise, we will be glad to learn. Kindly advise me, as we hold our next meeting on the 16th. prox. and would like to secure his membership, if he is elligible.

With kind regards, I am,

Yours very truly,

Jno D. Bonnar

Dear Dr. Bonnar:

We give the degree of Bachelor of Pharmacy to successful candidates from the Ontario College of Pharmacy and enrol these graduates in our university register. Your friend, therefore, would be eligible to become a member of the Alumni Association.

I should before this have answered your letter of the 22nd inst. but have been very busy. We shall certainly try to send some speaker over to Buffalo for your January meeting, though I do not just know at present who will go.

With regard to lecturing in the University, I am afraid that at this time lectures will not draw. It is always extremely difficult to get an audience, and I hesitate asking any one to come to the University to lecture. There is so much professional lecturing already that students seem to have little taste for anything else.

Yours sincerely,

President.

Dear Dr. Bonnar:

Only yesterday did I get your letter of January 18 enclosing a ticket for the Annual Dinner, and I am sorry that in any case I could not have attended, but I hope that you have had a pleasant meeting. I am sure that you will enjoy the visit of Dr. Robertson.

With kind regards, I am,

Yours sincerely,

President.

Dr. J. D. Donnar,

144 Jewett Street,

Buffalo, N.Y.

Dear Dr. Donnar:

I have just received your letter and I am glad to hear from you. With regard to our not having notified the Alumni Association of the regular Convocation I am afraid that I have to plead guilty of not having thought of the Association being particularly interested in this Convocation. We have only one meeting, and the practice hitherto has been that on occasions we have a visit from and set apart a place for years who are celebrating their anniversaries. We have not notified individual Alumni branches. This year probably owing to the war there was no special celebrations of graduates. We set apart space for those who had returned from the front. Any time, however, that you think it would be possible for you to come to Toronto and be present at any of our celebrations I shall be most happy if you will let me know and I will see that you get an invitation.

I have not heard this year anything as to the Federation of the Alumni to be held in Chicago. The war has so upset all the arrangements of the United States that I am afraid the Executive of the American Alumni Association has not undertaken to arrange for it this year. The same reason holds to explain our failure to pay more

attention to our Alumni Associations. We are really so shorthanded that we are unable to do what we ought to do. However, I hope that this will be remedied before the war is over or before.

Yours sincerely,

President.
